Experience

Investment Analyst – Goalteller (Family Office) **July 2026 – Present**

- Managed and analyzed INR 100Cr+ across family office portfolios, supporting asset allocation, portfolio construction, performance evaluation, and investment strategy across Mutual Funds, PMS, SIFs, and alternative investment products.
- Conducted in-depth research and due diligence on 50+ investment products and strategies, evaluating historical performance, risk metrics, portfolio composition, fund manager track record, taxation, and suitability for HNI/UHNI portfolios.
- Developed investment recommendations and portfolio insights for family offices, including product comparisons, XIRR and performance analysis, tax-efficient investment structures, and evaluation of emerging investment opportunities across public and alternative markets.

Founder's Office Intern – Resollect **April 2025 – June 2025**

- Collaborated directly with founders to develop a KYC screening and borrower identification workflow extracting borrower and co-borrower details from 1,000+ financial records, reducing manual verification time by ˜70%.
- Led debt recovery operations for ARCIL across the Northern region, managing an untapped portfolio with INR 20Cr+ outstanding debt by overseeing a team of 7 callers and on-ground recovery personnel.
- Executed borrower tracing, operational coordination, and strategic recovery initiatives across 500+ delinquent accounts, improving recovery turnaround timelines.

Investment Intern – Hunter Baron (Remote) **March 2026 – May 2026**

- Sourced and evaluated acquisition opportunities through CIMs, teasers, and broker outreach, supporting deal flow for a $150M private equity fund.
- Conducted business model assessment, revenue quality analysis, and preliminary financial screening to shortlist high-potential targets.
- Built financial models and performed valuation using DCF, precedent transactions, and comparable company analysis.

Projects

Company Analysis: Netweb Technologies India Ltd. **April 2025**

- Evaluated Netweb's business model, annual reports, and financial disclosures to assess revenue drivers and AI/HPC-led growth.
- Performed SWOT and Porter's Five Forces analysis against peers including Cerebra, Nvidia, and HPE to assess competitive positioning.
- Analyzed India's INR 45,000 Cr AI infrastructure and data center market to identify long-term strategic opportunities.
- **Tools:** Excel, Industry Reports, SWOT, Porter's Five Forces

Credit Card Fraud Detection **Dec 2024**

- Developed ML models using Logistic Regression and Random Forest, achieving 99% precision and identifying 200+ high-risk cases.
- Handled severe class imbalance (99:1) using SMOTE and under-sampling, significantly improving recall and F1-score.
- **Tools:** Python, Pandas, NumPy, Scikit-learn, Matplotlib

Skills

Technical: Financial Analysis, Financial Modeling, Python
Tools: Microsoft Excel, Tableau, SQL
