BLIND TEASER

Project Ironbend

ASME-Certified Pressure Equipment Fabricator Serving Tier-1 Energy Infrastructure Customers

The Opportunity A 30+ year Western Canadian fabricator holding a rare dual-certification, serving Tier-1 operators under multi-year contracts, with five straight years of margin expansion and a founder-driven succession sale.

INVESTMENT HIGHLIGHTS

- Certification moat — fewer than ~120 shops in Canada hold this dual profile
- EBITDA margin expanded from 16.2% to 22.3% over five years (610bps)
- Multi-year MSAs; top customers average 7+ year relationships
- 200–300bps of visible margin upside from an in-progress automation program

INDICATIVE VALUATION

$9M – $13M CAD

EV, 4.5x–6.5x Adj. EBITDA

Base case 5.5x ≈ $11.0M

METRIC	VALUE
2025E Revenue (CAD)	**$9.4M**
